

## High Performance Vehicle Recorder

# FXD-100B

## High Performance Vehicle Recorder

- High resolution (640x 480) with 30fps recording
- 3-axis shock sensor
- Various recording modes
- Easy-installation
- Compact design
- Day & Night
- Audio recording

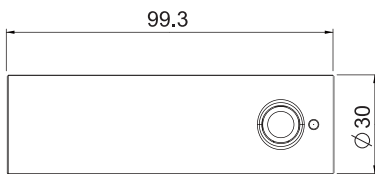

# High Performance Vehicle Recorder

# FXD-100B

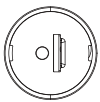

## Specifications

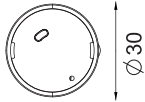

Function	Items	FXD-200B	
Camera	Camera Resolution	640 x 480(300K)	
	Camera	CMOS	
	Angle of View	120 degree	
	Min. Illumination	1LUX	
Recording	Videoo Compression	MPEG4	
	Resolution	640 x 480	
	Frame	MAX 30 fps @640x480	
	Type		Normal Recording
			Event Recording
			Manual Recording
	Event	3-axis Shock Sensor	
Event Type	Automatically by shock detection		
Event Recording	-10sec~+10sec		
Storage Media	Default	Micro SD Card (T-Flash)4GB	
	Max	16GB	
Time	Recording time (640x480)	5H / 30fps / 4GB (Average)	
Sound	Input	Condenser MIC	
	Output	Buzzer	
Power	Main Power (cigar jack)	12~24V	
	Sub Power (Internal)	Super Capacitor	
	Power consumption	12V-0.2A (2.4W)	
	MAX. consumption	12V-0.4A (4.8W)	
Player	Player O/S	Window XP, Vista, Windows7 (Media player)	
	Dedicated Player	Video player / Data analysis / Configuration	
Others	Recording data erase	Using PC or automatic erase (over write)	
	F/W upgrade	Upgrade by Micro SD card	
	LED Indicator	Blue : Operating / Red : Event, Error
